SPOTLIGHT ON SAFEGUARDING

A general safety reminder

Please remember that most social media apps have a minimum age rating of 13. If a social network has set an age limit it means that some of the content may not be suitable for a younger child.

Please also remember that children's behaviour and play can be directly influenced by the programmes that they watch- on television, on YouTube, in films, on APPs- the list is endless.

Please remember to check that the things that your child is watching, playing on or interacting with is age appropriate.
