

Year 3 Parent Information

September 2020

Welcome back to another busy school year. Your children have made a great start to Year 3 and are beginning to become familiar with the routines. The following information should help you support them over the coming year and answer any questions you may have.

Children should aim to read their home reading book every day. They will begin to change their own book independently the following day. Please ensure that you sign your child's reading diary each day.

Please don't hesitate to write down any questions or requests in the reading record, as it will be checked by a teacher on a daily basis.

Your child will receive maths and literacy homework on weekly basis. Hand-in times will be confirmed shortly.

Spellings will also be given out and tested on a weekly basis.

The children will have a Mental Maths test each week. They will also complete daily times tables activities and will be told the times tables they need to focus on individually.

There will be occasional RE/Science/History/Geography/Art homework set to support the topic we are working on.

For your information, the school website has an outline of all of the topics we will be learning about during each term.
